

# Centre for Energy, Environment, and Sustainability Studies (CEESS)

<https://research.upes.ac.in/centre-for-energy-environment-and-sustainability-studies-ceess/> [1]

Centre for Energy, Environment, and Sustainability Studies (CEESS) is a constituent think tank and research centre of excellence of School of Business, UPES. Its primary aim is to promote multidisciplinary research in areas of Economics, Environment, Energy, Globalization, Trade, Transport, Supply chain and Sustainable Development. Considering the Environmental policies of the country against thriving energy requirement and demand for infrastructure development in achieving high economic growth needs a balanced approach that can be derived from informed and effective research and development. Given what has been said, CEESS will be a major player to suggest policy reforms, as a result of its R&D that will help the policymakers to achieve sustainable development goals. Along with the vision of “Make in India” and “Atmanirbhar Bharat Abhiyan”, CEESS through its research and publication will assist policymakers to design their policies towards self-dependence, generation of employment and increasing value-addition with new initiatives to support both the manufacturing and services sectors and improving the ‘ease of doing business’ in the country.

The centre will promote research on issues pertaining to the economy, energy, environment, and society in the context of trade, transport and globalization with a specific focus on sustainable development. Centre will help suggest strategies for the implementation of energy, environmental and economic policies through R&D that will help policymakers to design effective policies for the country and the rest of the world.

## BROAD RESEARCH THEMES

- The broad themes that will be primary areas of research at CEESS are:

## The Green Up Club, Sustainability Cluster (SoAE), UPES, Dehradun

<https://in.linkedin.com/company/green-up-hse-upes>

The Green Up Club is functioning under the Sustainability Cluster, School of Engineering, University of Petroleum & Energy Studies, Dehradun. GREEN UP is a cause against environmental peril. As a society, it is our concern to cure such problems and to aware others about the same, which is of outmost importance. In UPES, Green Up has always strived for extending various initiations taken by Indian government by organizing campaigns and events that are commenced nationally. Green Up is focusing on mobilizing and empowering communities to participate in preserving nature and preventing environmental degradation, thereby improving the quality and maintaining the ingenuity and integrity of nature.

### Mission:

Our mission is to help our friends realize potential to the fullest extent and commit to environmental safety and propagate excellence in our friends.
