**DOs**

- 1) You may be asked to authenticate yourself with the same email ID provided to the University to access the Examination. Thus, **you have to keep the Valid Photo ID supplied by the University, handy with you. This would be required during authorization for the test by the proctor and may be checked any time during the examination.**
- 2) You must take the test using a laptop/desktop running Windows Operating System, with a working Webcam fitted to it.
- 3) We would prefer, you take the examination outside any corporate firewall, since the same might stop the video feed from your computer, and thus forcing us to not recognize your examination.

**DON'Ts**

- 1) You are not allowed to leave the seat during the time of your examination.
- 2) You are not allowed to take any phone calls during the examination.
- 3) You are not allowed to flip out of the test window, during the examination.
- 4) You are not allowed to connect any extended screen/projector along with the system, being used for examination.
- 5) No one should be sitting/standing near you during the examination.  
(Any violation of the above will force us to end the test)
- 6) The place from where you will be appearing in the exams should be well lit, and your face should be clearly visible in front of the web cam while appearing in the exam

**System requirements (For candidates taking the test from their Office network)**

The system requirements for a smooth working experience on the TEST platform is mentioned as follows -
