EVENT REPORT

National Conference on Food Fortification

Events and activities

DATES	VENUE	ORGANISED BY	THEME
9–10 September 2025	Bidholi campus, Dehradun	School of Health Sciences and Technology	Food fortification against anaemia and micronutrient deficiencies

About

The School of Health Sciences and Technology hosted a two-day National Conference on Food Fortification to Combat Anaemia and Micronutrient Deficiencies on 9 and 10 September 2025 at the Bidholi campus.

The conference brought together policymakers, researchers and practitioners on how food fortification can help overcome anaemia and micronutrient deficiencies.
