SDG 9: INDUSTRY, INNOVATION AND INFRASTRUCTURE

Workshop with London South Bank University experts

2025

Organised by	School of Computer Science and School of Advanced Engineering
Date	2025
Report section	9.1 Research and technology for industry
Goals supported	SDG 3, SDG 4, SDG 9
Source	Event material shared by the organising school or unit (not published online)
Contents	Description of the event and photographs

This event report is compiled from material shared by the organising school or unit of UPES, as the event was not published online. Personal contact details are not included.

About the event

The School of Computer Science and the School of Advanced Engineering held a workshop with two experts from London South Bank University.

Dr Pawel Markiewicz, Senior Lecturer in Medical Imaging and Computer Science, introduced students to AI-powered medical imaging and showed how artificial intelligence is changing health care diagnostics. Prof Saurav Goel, Professor of Manufacturing, ran a hands-on masterclass on spaghetti structures that demonstrated the principles of structural design, creativity and resilience.
